## Discussion Questions

1. What are the common ways in which people identify themselves? What does this communicate about how the person thinks about himself/herself?
2. According to Phil 2:11 and Rom 10:9, who is Jesus? Find some other passages in the NT that communicate who Jesus is.
3. Throughout the NT we have seen the authors identifying themselves according to their relationship to Jesus Christ in what way? Is this how most Christians identify themselves? If not, how do they identify themselves? Why don't most Christians identify themselves in the same way as the NT authors?
4. What is so important about correctly identifying who Jesus is and who we are?
5. What does it mean to be a "doulos"? If you are a "doulos" of the "Lord" Jesus Christ, which specific areas of your life ARE consistent with this relationship? Which areas are NOT?
6. If someone is not a "doulos" of Jesus Christ, then who are they, according to the Bible? What are the implications of this?
7. If Jesus is your Lord, and therefore you are His slave, then He has the right to determine how you should live your life in 2015. What specific changes do you think He wants to make in your life this year? Are there any things He wants you to get rid of? Are there any things He wants you to add?
8. Read John 15:12-15. What are the significant truths that come from Jesus' words in this passage?
9. What passages in the Bible tell us what we should do when we fail to live in a way that is consistent with the relationship we have with Jesus Christ? Are you grateful for the truth in these passages? If so, why?
10. What have you learned from this study today? How will you change as a result of what you have learned? What is your specific plan for change? Who can hold you accountable for this change?
